Sir:

IN THE DRAWINGS

Please substitute the attached sheet of drawings comprising Figure 7 for the present sheet of drawings identified as Figure 7.

REMARKS

On January 16, 1996, the issue fee was paid in the referenced case. Subsequently, in February 1996, it was discovered by one of the Applicants that the present Figure 7 in the application as allowed (Exhibit A) is incorrect and does not correspond at all with the text of the specification at pages 34 and 35 of the application (Exhibit B). A correct copy of the Figure is attached (Exhibit C). Correction of the figures by a substitution of the new Figure 7 for original Figure 7 is warranted
